RULE ONE – THE GAME

Art. 1 Definitions

1.1 Wheelchair basketball game

Wheelchair basketball is played by two (2) teams of five (5) players each. The aim of each team is to score in the opponents' basket and to prevent the other team from scoring.

The game is controlled by officials, table officials and a commissioner, if present.

1.2 Basket: opponents'/own

The basket that is attacked by a team is the opponents' basket and the basket which is defended by a team is the team's own basket.

1.3 Winner of a game

The team that has scored the greater number of points at the end of playing time shall be the winner.

RULE TWO – COURT AND EQUIPMENT

Art. 2 Court

2.1 Playing court

The playing court shall have a flat, hard surface free from obstructions (Diagram 1) with dimensions of twenty-eight (28) m in length by fifteen (15) m in width measured from the inner edge of the boundary line.

2.2 Backcourt

2.2.1 A team's backcourt consists of its team's own basket, the inbounds part of the backboard and that part of the playing court limited by the endline behind the team's own basket, the sidelines and the centre line.

2.3 Frontcourt

2.3.1 A team's frontcourt consists of the opponents' basket, the inbounds part of the backboard and that part of the playing court limited by the endline behind the opponents' basket, the sidelines and the inner edge of the centre line nearest to the opponents' basket.

2.4 Lines

All lines shall be drawn in white colour, five (5) cm in width and clearly visible.

2.4.1 **Boundary line**

The playing court shall be limited by the boundary line, consisting of the endlines and the sidelines. These lines are not part of the playing court.

Any obstruction including seated team bench personnel shall be at least two (2) m from the playing court.

2.4.2 **Centre line, centre circle and free-throw semi-circles**

The centre line shall be marked parallel to the endlines from the mid-points of the sidelines. It shall extend 0.15 m beyond each sideline. The centre line is part of the backcourt.

The centre circle shall be marked in the centre of the playing court and have a radius of 1.80 m measured to the outer edge of the circumference. If the inside of the centre circle is painted, it must be the same colour as the restricted areas.

The free-throw semi-circles shall be marked on the playing court with a radius of 1.80 m measured to the outer edge of the circumference and with their centres at the mid-points of the free-throw line..

2.4.3 **Free-throw lines, restricted areas and free-throw rebound places**

The free-throw line shall be drawn parallel to each endline. It shall have its furthest edge 5.80 m from the inner edge of the endline and shall be 3.60 m long. Its mid-point shall lie on the imaginary line joining the mid-points of the two (2) endlines.

The restricted areas shall be the rectangular areas marked on the playing court limited by the endlines, the extended free-throw lines and the lines which originate at the endlines, their outer edges being 2.45 m from the mid-points of the endlines and terminating at the outer edge of the extended free-throw lines. These lines, excluding the endlines, are part of the restricted area. The inside of the restricted areas must be painted.

Free-throw rebound places along the restricted areas, reserved for players during free throws, shall be marked as in Diagram 2.

2.4.4 **Three-point field goal area**

The team's three-point field goal area (Diagram 1 and Diagram 3) shall be the entire floor area of the playing court, except for the area near the opponents' basket, limited by and including:

- Two (2) parallel lines extending from and perpendicular to the endline, with the outer edge 0.90 m from the inner edge of the sidelines.
- An arc of radius 6.75 m measured from the point on the floor beneath the exact centre of the opponents' basket to the outer edge of the arc. The distance of the point on the floor from the inner edge of the mid-point of the endline is 1.575 m. The arc is joined to the parallel lines.

The three-point line is not part of the three-point field goal area.

Diagram 1 Full size playing court

2.4.5 Team bench areas

The team bench areas shall be marked outside the playing court limited by two (2) lines as shown in Diagram 1.

There must be seven (7) seats available in the team bench area for the coaches, the assistant coaches and the team followers. All players will use their wheelchairs at the bench. Any other persons shall be at least two (2) m behind the team bench.

2.4.6 Throw-in lines

The two (2) lines of 0.15 m in length shall be marked outside the playing court at the sideline opposite the scorer's table, with the outer edge of the lines 8.325 m from the inner edge of the nearest endline.

For a more detailed description of wheelchair basketball equipment, see Appendix on wheelchair basketball Equipment.

3.1 Wheelchairs

- 3.1.1 Particular attention must be paid to the wheelchair, as it is considered to be part of the player. Contravention of the following rules will result in the wheelchair being banned from the game.
- 3.1.2 A protective horizontal bar at the front/side of the wheelchair must be 11 cm from the floor at its most forward point and throughout its whole length. Such a bar may be straight or curved but must not be pointed. This measurement is taken when the front castor(s) is in the forward driving. Where a protective horizontal bar is not present the footrest must be 11 cm from the floor at its most forward point and throughout its whole length. Where a protective horizontal bar is present the footrest behind the bar can be any height as long as it does not touch the floor.
- 3.1.3 The underside of the footrests must be designed to prevent damage to the playing surface. A roller bar fitted to the underside of the wheel rests for floor protection and a small anti-tip castor(s) attached to the back of the wheelchair for safety purposes is permitted.
- 3.1.4 One or two anti-tip devices utilizing no more than a total of two small castors attached to either the frame or the rear axle and located at the rear of the wheelchair, castors that frequently or even continuously come into contact with the floor, can be added to the wheelchair. The width between castors must be limited to the distance between the inside of the two big wheels. When the player is sitting in the wheelchair and it is in the forward driving position, the maximum permissible distance between the bottom of the castor(s) and the playing surface is 2 cm. The anti-tip castor(s) must not

protrude beyond the vertical plane that touches the rearmost points of the driving wheels. This alignment should be judged with the wheelchair in its forward driving position.

Note: Within the scope of this paragraph, an anti-tip castor(s) is not a wheel.

- 3.1.5 The maximum height from the floor to the top of the cushion, when a cushion is used, or the top of the seat platform, when a cushion is not used must not exceed

- 63 cm for players 1.0 – 3.0
- 58 cm for players 3.5 – 4.5

Measurements must be taken with the front castor(s) in the forward driving position and the player must be out of the chair.

- 3.1.6 The wheelchair shall have either three or four wheels – i.e. two large wheels at the back and one or two small wheels at the front of the chair. The large wheels, including the tyres, may have a maximum diameter of 69 cm. In the case of the three-wheel wheelchair, the small wheel (or castor) must be located at the centre and inside of the horizontal bar at the front of the wheelchair. A second small wheel (or castor) may be added to the single small wheel at the front of the wheelchair. Lighting that reflects or flashes, is not permitted on the wheels, the chair or the castors.

- 3.1.7 There must be one handrim on each wheel.

- 3.1.8 No steering devices, brakes or gears are allowed on the wheelchair.

- 3.1.9 Any tyre or castor(s) that marks the floor is not permitted. Exceptions may be made where it can be demonstrated that the marks can be easily removed.

- 3.1.10 Arm rests and other upper body supports that are attached to the wheelchair should not project beyond the line of the player's legs or trunk in the natural sitting position.

- 3.1.11 The padding of the horizontal bar located at the back of the backrest of the wheelchair must be of a minimum thickness of 1.5 cm (15mm). It must be sufficiently flexible to allow a maximum indentation of a third of its original thickness and may have a minimum indentation factor of fifty percent (50%). This means that when a force is applied suddenly to the padding, the indentation on the padding cannot exceed 50% of its original thickness. The padding is required to prevent injury to the other players.

Note 1: During a game it is possible to have a problem with the wheelchair that causes the wheelchair to no longer be functional or become unsafe. The referee will stop the game at an appropriate time to allow the team to complete the repair. **If the repair cannot be completed in 50 seconds or less from the time the game was stopped the player must be substituted.**

Note 2: It is possible that a player may fall out of the wheelchair without a foul occurring. The referee should pay careful attention to the need to protect the player when determining the appropriate time to stop the play.

For 3.5 – 4.5 players

For 1.0 – 3.0 players

In all cases the height is measured from the floor to the highest point on the seat platform including the cushion if one is used.

5.1.2 If the ball is live when an injury occurs, the official shall not blow his whistle until the team in control of the ball has shot for a field goal, lost control of the ball, withheld the ball from play or the ball has become dead. If it is necessary to protect an injured player, the officials may stop the game immediately.

5.1.3 If the injured player cannot continue to play immediately (within approximately 15 seconds) or, if he receives treatment, he must be substituted unless the team is reduced to fewer than five (5) players on the playing court.

5.1.4 Coaches, assistant coaches, substitutes, excluded players and team followers may enter the playing court, with the permission of an official, to attend to an injured player before he is substituted.

5.1.5 A doctor may enter the playing court, without permission of an official if, in the doctor's judgement, the injured player requires immediate medical treatment.

5.1.6 During the game, any player who is bleeding or has an open wound must be substituted. He may return to the playing court only after bleeding has stopped and the affected area or open wound has been completely and securely covered.

If the injured player or any player who is bleeding or has an open wound recovers during a time-out taken by either team before the scorer's signal for the substitution, that player may continue to play.

5.1.7 Players who have been designated by the coach to start the game may be substituted in the event of an injury. In this case, the opponents are also entitled to substitute the same number of players, if they so wish.

Art. 6 Captain: Duties and powers

6.1 The captain (CAP) is a player designated by his coach to represent his team on the playing court. He may communicate in a courteous manner with the officials during the game to obtain information, however, only when the ball becomes dead and the game clock is stopped.

6.2 The captain shall, immediately at the end of the game, inform the referee if his team is protesting against the result of the game and sign the scoresheet in the space marked 'Captain's signature in case of protest'.

Art. 7 Coaches: Duties and powers

- 7.1 At least twenty (20) minutes before the game is scheduled to begin, each coach or his representative shall give the scorer a list with the names and corresponding numbers and classification points of the team members who are eligible to play in the game, as well as the name of the captain of the team, the coach and the assistant coach. All team members whose names are entered on the scoresheet are entitled to play, even if they arrive after the beginning of the game.
- 7.2 At least ten (10) minutes before the game is scheduled to begin, each coach shall confirm his agreement with the names and corresponding numbers and classification points of his team members and the names of the coaches by signing the scoresheet. At the same time, they shall indicate the five (5) players who are to start the game. The coach of team 'A' shall be the first to provide this information.
- 7.3 The coaches, assistant coaches, team members and team followers are the only persons permitted to sit on the team bench and remain within their team bench area.
- 7.4 The coach and the assistant coach may go to the scorer's table during the game to obtain statistical information only when the ball becomes dead and the game clock is stopped.
- 7.5 Only the coach is permitted to remain standing during the game. He may address the players verbally during the game provided he remains within his team bench area.
- 7.6 If there is an assistant coach his name must be entered on the scoresheet before the beginning of the game (his signature is not necessary). He shall assume all duties and powers of the coach if, for any reason, the coach is unable to continue.
- 7.7 When the captain leaves the playing court the coach shall inform an official of the number of the player who will act as captain on the playing court.
- 7.8 The captain shall act as coach if there is no coach, or if the coach is unable to continue and there is no assistant coach entered on the scoresheet (or the latter is unable to continue). If the captain must leave the playing court, he may continue to act as coach. If he must leave following a disqualifying foul, or if he is unable to act as coach because of injury, his substitute as captain may replace him as coach.
- 7.9 The coach shall designate the free-throw shooter of his team in all cases where the free-throw shooter is not determined by the rules.

RULE FOUR - PLAYING REGULATIONS

- Twenty (20) minutes before the game is scheduled to begin.
 - When the game-clock signal sounds for the end of a period.
- 8.6 An interval of play ends:
- At the beginning of the first period when the ball leaves the hand(s) of the referee on the tap-off.
 - At the beginning of all other periods when the ball is at the disposal of the player taking the throw-in.
- 8.7 If the score is tied at the end of playing time for the fourth period, the game shall continue with as many extra periods of five (5) minutes as is necessary to break the tie.
- 8.8 If a foul is committed when or just before the game clock signal sounds for the end of playing time, any eventual free throw(s) shall be administered after the end of playing time.
- 8.9 If an extra period is required as a result of this free throw(s) then all fouls that are committed after the end of playing time shall be considered to have occurred during an interval of play and the free throws shall be administered before the beginning of the extra period.

Art. 9 Beginning and end of a period or the game

- 9.1 The first period begins when the ball leaves the hand(s) of the referee on the tap-off.
- 9.2 All other periods begin when the ball is at the disposal of the player taking the throw-in.
- 9.3 The game cannot begin if one of the teams is not on the playing court with five (5) players ready to play.
- 9.3.1 For all games, the first team named in the programme (home team) shall have the team bench and its team's own basket on the left side of the scorer's table, facing the playing court.

However, if the two (2) teams agree, they may interchange the team benches and/or baskets.

- 9.3.2 Before the first and third period, teams are entitled to warm-up in the half of the playing court in which their opponents' basket is situated.
- 9.3.3 Teams shall exchange baskets for the second half.
- 9.3.4 In all extra periods the teams shall continue to play towards the same baskets as in the fourth period.
- 9.3.5 A period, extra period or game shall end when the game clock signal sounds for the end of the period.

Art. 10 Status of the ball

- 10.1 The ball can be either live or dead.
- 10.2 The ball becomes **live** when:
- During the tap-off, the ball leaves the hand(s) of the referee on the toss.
 - During a free throw, the ball is at the disposal of the free-throw shooter.
 - During a throw-in, the ball is at the disposal of the player taking the throw-in.
- 10.3 The ball becomes **dead** when:
- Any field goal or free throw is made.
 - An official blows his whistle while the ball is live.
 - It is apparent that the ball will not enter the basket on a free throw which is to be followed by:
 - Another free throw(s).
 - A further penalty (free throw(s) and/or possession).
 - The game clock signal sounds for the end of the period.
 - The twenty-four (24) second clock signal sounds while a team is in control of the ball.
 - The ball in flight on a shot for a field goal is touched by a player from either team after:
 - An official blows his whistle.
 - The game clock signal sounds for the end of the period.
 - The twenty-four (24) second clock signal sounds.
- 10.3.1 The ball does **not** become **dead** and the goal counts if made when:
- The ball is in flight on a shot for a field goal and:
 - An official blows his whistle.
 - The game clock signal sounds for the end of the period.
 - The twenty-four (24) second clock signal sounds.
 - The ball is in flight on a free throw when an official blows his whistle for any rule infraction other than by the free-throw shooter.
 - A player commits a foul on any opponent while the ball is in the control of the opponent in the act of shooting for a field goal and who finishes his shot with a continuous motion which started before the foul occurred.
- This provision does not apply and the goal shall not count if

- after an official blows his whistle an entirely new act of shooting is made.
- during the continuous motion of a player in the act of shooting the game clock signal sounds for an end of period or the twenty-four (24) second clock signal sounds.

Art. 11 Location of a player and an official

- 11.1 The location of a player is determined by where his wheelchair is touching the floor.
- 11.2 The location of an **official** is determined by where he is touching the floor. When the ball touches an official, it is the same as touching the floor at the official's location. While he is in the air from a jump, he retains the same status he had when he last touched the floor.

Art. 12 Tap-off and alternating possession**12.1 Tap-off definition**

- 12.1.1 **A tap-off** occurs when an official tosses the ball in the centre circle between any two (2) opponents at the beginning of the first period.
- 12.1.2 **A held ball** occurs when one or more players of each opposing team have one or both hands firmly on the ball so that neither player can gain control without undue roughness.

12.2 Tap-off procedure

- 12.2.1 Each player involved in the tap-off shall have his wheelchair inside the half of the centre circle nearest to his team's own basket with one wheel close to the centre line.
- 12.2.2 Team-mates may not occupy adjacent positions around the circle if an opponent wishes to occupy one of those positions.
- 12.2.3 The official shall then toss the ball vertically upwards between the two (2) opponents, higher than either of them can reach.
- 12.2.4 The ball must be tapped with the hand(s) of at least one of the player involved in the tap-off **after** it reaches its highest point.
- 12.2.5 Neither player involved in the tap-off shall leave his position until the ball has been legally tapped.
- 12.2.6 Neither player involved in the tap-off may catch the ball or tap it more than twice until it has touched one of the eight other players or the floor.
- 12.2.7 If the ball is not tapped by at least one of the player involved in the tap-off, the tap-off shall be repeated.
- 12.2.8 No part of the eight other players' bodies or wheelchairs may be on or over the circle line (cylinder) before the ball has been tapped.

An infraction of Art. 12.2.1, 12.2.4, 12.2.5, 12.2.6, & 12.2.8 is a violation.

12.3 Tap-off situations

A tap-off situation occurs when:

- A held ball is called.
- The ball goes out-of-bounds and the officials are in doubt or disagree about which of the opponents last touched the ball.
- A double free-throw violation occurs during an unsuccessful last or only free throw.
- A live ball lodges between the ring and the backboard (except between free throws).
- The ball becomes dead when neither team had control of the ball nor was entitled to the ball.
- After the cancellation of equal penalties against both teams, there are no other foul penalties remaining for administration and neither team had control of the ball nor was entitled to the ball before the first foul or violation.
- All periods other than the first period are to begin.

12.4 Alternating possession definition

12.4.1 Alternating possession is a method of causing the ball to become live with a throw-in rather than a tap-off.

12.4.2 Alternating possession throw-in:

- **Begins** when the ball is at the disposal of the player taking the throw-in.
- **Ends** when:
 - The ball touches or is legally touched by a player on the playing court.
 - The team taking the throw-in commits a violation.
 - A live ball lodges between the ring and the backboard during a throw-in.

12.5 Alternating possession procedure

12.5.1 In all tap-off situations teams will alternate possession of the ball for a throw-in at the place nearest to where the tap-off situation occurs.

12.5.2 The team that does not gain control of the live ball on the playing court after the tap-off will be entitled to the first alternating possession.

12.5.3 The team entitled to the next alternating possession at the end of any period shall start the next period with a throw-in at the centre line extended, opposite the scorer's table, unless there are further free throws and a possession penalty to be administered.

12.5.4 The team entitled to the alternating possession throw-in shall be indicated by the alternating possession arrow in the direction of the opponents' basket. The direction of the alternating possession arrow is reversed immediately when the alternating possession throw-in ends.

12.5.5 A violation by a team during its alternating possession throw-in causes that team to lose the alternating possession throw-in. The alternating possession arrow will be reversed immediately, indicating that the

opponents of the violating team will be entitled to the alternating possession throw-in at the next tap-off situation. The game shall then be resumed by awarding the ball to the opponents of the violating team for a throw-in at the place of the original throw-in.

12.5.6 A foul by either team:

- Before the beginning of a period other than the first period, or
- During the alternating possession throw-in, does not cause the team entitled to the throw-in to lose that alternating possession.

Art. 13 How the ball is played

13.1 Definition

During the game, the ball is played with the hand(s) only and may be passed, thrown, tapped, rolled or dribbled in any direction, subject to the restrictions of these rules.

13.2 Rule

To **deliberately** push the ball with the wheelchair, **kick** or block it with any part of the leg or strike it with the fist is a violation.

However, to accidentally come into contact with or touch the ball with the wheelchair or with any part of the leg is not a violation.

An infraction of Art. 13.2 is a violation.

Art. 14 Control of the ball

14.1 Definition

14.1.1 Team control starts when a player of that team is in control of a live ball by holding or dribbling it or has a live ball at his disposal.

14.1.2 Team control **continues** when:

- A player of that team is in control of a live ball.
- The ball is being passed between team-mates.

14.1.3 Team control **ends** when:

- An opponent gains control.
- The ball becomes dead.
- The ball has left the player's hand(s) on a shot for a field goal or for a free throw.

14.1.4 It is a violation for a player in control of the ball or attempting to gain control of the ball to:

14.1.5 14.2.1 Touch the floor with any part of his body except the hand(s), or

14.1.6 14.2.2 Lean either forward or backward in the chair, causing it to tip so that any part of it, other than the tyre(s)/castor(s), touches the floor.

Art. 15 Player in the act of shooting

15.1 Definition

15.1.1 A shot for a field goal or a free throw is when the ball is held in a player's hand(s) and is then thrown into the air towards the opponents' basket.

A tap is when the ball is directed with the hand(s) towards the opponents' basket.

A tap is also considered as a shot for a field goal.

15.1.2 The act of shooting:

- **Begins** when the player starts the continuous movement normally preceding the release of the ball and, in the judgement of an official, he has started an attempt to score by throwing or tapping the ball towards the opponents' basket.
- **Ends** when the ball has left the player's hand(s) and the follow-through of the shot is completed (i.e. the shooter's hand(s) completes its movement in the direction of the floor, the wheelchair or, in the case of an underhand shot, the basket).

The player attempting to score might have his arm(s) held by an opponent, thus preventing him from scoring, even though he is considered to have made an attempt to score. In this case it is not essential that the ball leaves the player's hand(s).

There is no relationship between the number of legal pushes made and the act of shooting.

15.1.3 A **continuous movement** in the act of shooting:

- Begins when the ball has come to rest in the player's hand(s) and the shooting motion, usually upward, has started.
- May include the player's arm(s) and/or body and/or wheelchair movement in his attempt to shoot for a field goal.
- Ends when the ball has left the player's hand(s), and the follow-through of the shot is completed (i.e. the shooter's hand(s) completes its movement in the direction of the floor, the wheelchair or, in the case of an underhand shot, the basket) or if an entirely new act of shooting is made.

Art. 16 Goal: When made and its value

16.1 Definition

16.1.1 A goal is made when a live ball enters the basket from above and remains within or passes through the basket.

16.1.2 The ball is considered to be within the basket when the slightest part of the ball is within and below the level of the ring.

16.2 Rule

16.2.1 A goal is credited to the team attacking the opponents' basket into which the ball has entered as follows:

	<p>OFFICIAL WHEELCHAIR BASKETBALL RULES 2010</p> <p>Rule Four - Playing regulations</p>	<p>October 2010</p> <p>Page 23 of 88</p>
--	---	--

- A goal from a free throw counts one (1) point.
- A goal from the two-point field goal area counts two (2) points.
- A goal from the three-point field goal area counts three (3) points.

Comment: The two large wheels must be within the 3-point field goal area, i.e. the small wheels and castor(s) may be on or in front of the line of the 3-point field goal area.

- 16.2.2 If a player **accidentally** scores a field goal in his **team's own basket**, the goal counts two (2) points and shall be recorded as having been scored by the captain of the opposing team on the playing court.
- 16.2.3 If a player **deliberately** scores a field goal in his **team's own basket**, it is a violation and the goal does not count.
- 16.2.4 If a player causes the entire ball to pass through the basket from below, it is a violation.
- 16.2.5 The game clock must indicate 0:00.3 (three tenths of a second) or more for a player to secure possession of the ball on a throw-in or on a rebound after the last or only free throw in order to attempt a shot for a field goal. If the game clock indicates 0:00.2 or 0:00.1 the only type of a valid field goal made is by tapping the ball.

Art. 17 Throw-in

17.1 Definition

- 17.1.1 A throw-in occurs when the ball is passed into the playing court by the out-of-bounds player taking the throw-in.

17.2 Procedure

- 17.2.1 An official must hand or place the ball at the disposal of the player taking the throw-in. He may also toss or bounce pass the ball provided that:
- The official is no more than four (4) m from the player taking the throw-in.
 - The player taking the throw-in is at the correct place as designated by the official.
- 17.2.2 The player shall take the throw-in at the place nearest to the infraction or where the game was stopped by the official, except directly behind the backboard.
- 17.2.3 In the following situations the subsequent throw-in shall be taken at the centre line extended, opposite the scorer's table:
- At the beginning of all periods other than the first period.
 - Following a free throw(s) resulting from a technical, unsportsmanlike or disqualifying foul.

The player taking the throw-in shall have one rear wheel on either side of the centre line extended, opposite the scorer's table, and shall be entitled to pass the ball to a team-mate at any place on the playing court.

- 17.2.4 During the last two (2) minutes of the fourth (4th) period and during the last two (2) minutes of each extra period, following a time-out taken by the team that is entitled to possession of the ball from its backcourt the throw-in shall be taken at the throw-in line opposite the scorer's table in the team's frontcourt.
- 17.2.5 Following a personal foul committed by a player of the team in control of the live ball, or of the team entitled to the ball, the subsequent throw-in shall be taken at the place nearest to the infraction.
- 17.2.6 Whenever the ball enters the basket but the field goal or the free throw is not valid, the subsequent throw-in shall be taken at the free-throw line extended.
- 17.2.7 Following a successful field goal or a successful last or only free throw:
- Any player of the non-scoring team shall take the throw-in at any place behind that team's endline. This is also applicable after an official hands or places the ball at the disposal of the player taking the throw-in after a time-out or after any interruption of the game following a successful field goal or a successful last or only free throw.
 - The player taking the throw-in may move laterally and/or backwards and the ball maybe be passed between team-mates behind the endline, but the five (5) second count starts when the ball is at the disposal of the first player out-of-bounds.
- 17.3 **Rule**
- 17.3.1 The player taking the throw-in shall **not**:
- Take more than five (5) seconds to release the ball.
 - Move into the playing court while having the ball in his hand(s).
 - Cause the ball to touch out-of-bounds, after it has been released on the throw-in.
 - Touch the ball on the playing court before it has touched another player.
 - Cause the ball to enter the basket directly.
 - Move from the designated throw-in place behind the boundary line, other than from his team's endline after a successful field goal or successful last free throw, laterally in one (1) or in both directions, within a total distance of one (1) m before releasing the ball. He is, however, permitted to move directly backwards from the line as far as circumstances allow.
- 17.3.2 During the throw-in other player(s) shall **not**:
- Have any part of their bodies or wheelchairs over the boundary line before the ball has been thrown-in across the boundary line.
 - Be closer than one (1) m to the player taking the throw-in when the throw-in place has less than two (2) m between the boundary line and any out-of-bounds obstructions.
- 17.3.3 An offensive player is not allowed to enter the restricted area during an out-of bounds situation until the ball is at the disposal of a player for the throw-in. (see Rule 26.1.1)

An infraction of Art. 17.3 is a violation.**17.4 Penalty**

The ball is awarded to the opponents for a throw-in at the place of the original throw-in.

Art. 18 Time-out**18.1 Definition**

A time-out is an interruption of the game requested by the coach or assistant coach.

18.2 Rule

18.2.1 Each time-out shall last one (1) minute.

18.2.2 A time-out may be granted during a time-out opportunity.

18.2.3 A time-out opportunity begins when:

- For both teams, the ball becomes dead, the game clock is stopped and the official has ended his communication with the scorer's table.
- For both teams, the ball becomes dead following a successful last or only free throw.
- For the non-scoring team, a field goal is scored.

18.2.4 A time-out opportunity ends when the ball is at the disposal of a player for a throw-in or for a first or only free throw.

18.2.5 Two (2) time-outs may be granted to each team at any time during the first half; three (3) at any time during the second half and one (1) during each extra period.

18.2.6 Unused time-outs may not be carried over to the next half or extra period.

18.2.7 A time-out is charged against the team whose coach first made a request unless the time-out is granted following a field goal scored by the opponents and without an infraction having been called.

18.2.8 A time-out shall not be permitted to the scoring team when the game clock is stopped following a successful field goal during the last two (2) minutes of the fourth period or the last two (2) minutes of each extra period unless an official has stopped the game.

18.3 Procedure

18.3.1 Only a coach or assistant coach has the right to request a time-out. He shall establish visual contact with the scorer or he shall go to the scorer's table and ask clearly for a time-out, making the proper conventional sign with his hands.

18.3.2 A time-out request may be cancelled only before the scorer's signal has sounded for such a request.

18.3.3 The time-out period:

- Begins when an official blows his whistle and gives the time-out signal.
- Ends when the official blows his whistle and beckons the teams back on the playing court.

18.3.4 As soon as a time-out opportunity begins, the scorer shall sound his signal to notify the officials that a request for a time-out has been made.

If a field goal is scored against a team which has requested a time-out, the timer shall immediately stop the game clock and sound his signal.

18.3.5 During the time-out and during an interval of play before the beginning of the second (2nd), fourth (4th) or each extra period the players may leave the playing court and may stay in the team bench area and the persons permitted to be in the team bench area may enter the playing court provided the team members remain within the vicinity of their team bench area.

18.3.6 If the request for the time-out is made by either team after the ball is at the disposal of the free-throw shooter for the first or only free throw, the time-out shall be granted if:

- The last or only free throw is successful.
- The last or only free throw is followed by a throw-in at the centre line extended, opposite the scorer's table.
- A foul is called between free throws. In this case the free throw(s) will be completed and the time-out will be permitted before the new foul penalty is administered.
- A foul is called before the ball becomes live after the last or only free throw. In this case the time-out will be permitted before the new foul penalty is administered.
- A violation is called before the ball becomes live after the last or only free throw. In this case the time-out will be permitted before the throw-in is administered.

In the event of consecutive sets of free throws and/or possession of the ball resulting from more than one (1) foul penalty, each set is to be treated separately.

Art. 19 Substitution

19.1 Definition

A substitution is an interruption of the game requested by the substitute to become a player.

19.2 Rule

19.2.1 A team may substitute a player(s) during a substitution opportunity.

19.2.2 A substitution opportunity begins when:

- For both teams, the ball becomes dead, the game clock is stopped and the official has ended his communication with the scorer's table.
- For both teams, the ball becomes dead following a successful last or only free throw.

	<p>OFFICIAL WHEELCHAIR BASKETBALL RULES 2010</p> <p>Rule Four - Playing regulations</p>	<p>October 2010 Page 27 of 88</p>
--	---	---------------------------------------

- For the non-scoring team, a field goal is scored in the last two (2) minutes of the fourth period or the last two (2) minutes of each extra period.
- 19.2.3 A substitution opportunity ends when the ball is at the disposal of a player for a throw-in or a first or only free throw.
- 19.2.4 A player who has become a substitute and a substitute who has become a player cannot respectively re-enter the game or leave the game until the ball becomes dead again, after a clock-running phase of the game, unless:
 - The team is reduced to fewer than five (5) players on the playing court.
 - The player entitled to the free-throws as the result of the correction of an error is on the team bench after having been legally substituted.
- 19.2.5 A substitution shall not be permitted to the scoring team when the game clock is stopped following a successful field goal during the last two (2) minutes of the fourth period or the last two (2) minutes of each extra period unless an official has stopped the game.
- 19.3 **Procedure**
- 19.3.1 Only a substitute has the right to request a substitution. He (not the coach or the assistant coach) shall go to the scorer's table and ask clearly for a substitution or stay in the substitution space. He must be ready to play immediately.
- 19.3.2 A substitution request may be cancelled only before the scorer's signal has sounded for such a request.
- 19.3.3 As soon as a substitution opportunity begins the scorer shall sound his signal to notify the officials that a request for a substitution has been made.
- 19.3.4 The substitute shall remain outside the boundary line until the official blows his whistle, gives the substitution signal and beckons him to enter the playing court.
- 19.3.5 The player being substituted is permitted to move directly to his team bench without reporting either to the scorer or the official.
- 19.3.6 Substitutions shall be completed as quickly as possible. A player who has committed his fifth (5th) foul or has been disqualified must be substituted immediately (within approximately 30 seconds). If, in the judgement of an official, there is an unnecessarily delay of the game, a time-out shall be charged against the offending team. If the team has no time-out remaining a technical foul for delaying the game may be charged against the coach, recorded as 'B'.
- 19.3.7 If a substitution is requested during a time-out or during an interval of play other than the half-time interval, the substitute must report to the scorer before entering the game.
- 19.3.8 If the free-throw shooter must be substituted because he:
 - Is injured.
 - Has committed his fifth foul.

- Has been disqualified.

The free throw(s) must be attempted by his substitute who may not be substituted again until he has played in the next clock-running phase of the game.

19.3.9 If the request for a substitution is made by either team after the ball is at the disposal of the free-throw shooter for the first or only free throw, the substitution shall be granted if:

- The last or only free throw is successful.
- The last or only free throw is followed by a throw-in at the centre line extended, opposite the scorer's table.
- A foul is called between free throws. In this case the free throw(s) will be completed and the substitution will be permitted before the new foul penalty is administered.
- A foul is called before the ball becomes live after the last or only free throw. In this case the substitution will be permitted before the new foul penalty is administered.
- A violation is called before the ball becomes live after the last or only free throw. In this case the substitution will be permitted before the throw-in is administered.

In the event of consecutive sets of free throws resulting from more than one (1) foul penalty, each set is to be treated separately.

19.3.10 Once the substitution has been completed, the classifier, if present, or the assistant scorer (see Art. 48.5), shall verify that the total points value of the team requesting the substitution does not exceed the legal limit (see Art. 51.2). If he determines that the 14 point limit rule has been exceeded he shall inform the scorer who will, in turn, inform the official by sounding his signal at the conclusion of the next phase of play if the offending teams opponents are in control of the ball, or immediately, if the offending team is in control of the ball.

Art. 20 Game lost by forfeit

20.1 Rule

A team shall lose the game by forfeit if:

- Fifteen (15) minutes after the scheduled starting time, the team is not present or is unable to field five (5) players within the 14-point limit rule ready to play.
- Its actions prevent the game from being played.
- It refuses to play after being instructed to do so by the referee.

20.2 Penalty

20.2.1 The game is awarded to the opponents and the score shall be twenty to zero (20 to 0). Furthermore, the forfeiting team shall receive zero (0) points in the classification.

20.2.2 For a two-game (home and away) total points series and for Play-Offs (best of three), the team that forfeits in the first, second or third game shall lose

	<p>OFFICIAL WHEELCHAIR BASKETBALL RULES 2010</p> <p>Rule Four - Playing regulations</p>	<p>October 2010 Page 29 of 88</p>
--	---	---------------------------------------

the series or Play-Offs by 'forfeit'. This does not apply for Play-Offs (best of five).

- 20.2.3 If in a tournament the team forfeits for the second time, the team shall be disqualified from the tournament and the results of all games played by this team shall be nullified.

Art. 21 Game lost by default

21.1 Rule

A team shall lose a game by default if, during the game, the team has fewer than two (2) players on the playing court ready to play.

21.2 Penalty

- 21.2.1 If the team to which the game is awarded is ahead, the score shall stand as at the time when the game was stopped. If the team to which the game is awarded is not ahead, the score shall be recorded as two to zero (2 to 0) in its favour. The defaulting team shall receive one (1) point in the classification.
- 21.2.2 For a two-game (home and away) total point series, the team that defaults in the first or in the second game shall lose the series by 'default'.

RULE FIVE - VIOLATIONS

Art. 22 Violations

22.1 Definition

A **violation** is an infraction of the rules.

22.2 Penalty

The ball shall be awarded to the opponents for a throw-in at the place nearest to the infraction, except directly behind the backboard, unless otherwise stated in the rules.

Art. 23 Player out-of-bounds and ball out-of-bounds

23.1 Definition

23.1.1 A **player** is out-of-bounds when any part of his body or any part of his wheelchair is in contact with the floor or any object other than a player, on, above or outside the boundary line.

23.1.2 The **ball** is out-of-bounds when it touches:

- A player, wheelchair or any other person who is out-of-bounds.
- The floor or any object on, above or outside the boundary line.
- The backboard supports, the back of the backboards or any object above the playing court.

23.2 Rule

23.2.1 The ball is caused to go out-of-bounds by the last player to touch or be touched by the ball before it goes out-of-bounds, even if the ball then goes out-of-bounds by touching something other than a player.

23.2.2 If the ball is out-of-bounds because of touching or being touched by a player who is on or outside the boundary line, this player causes the ball to go out-of-bounds.

23.2.3 If a player(s) move(s) to out-of-bounds or to his backcourt during a held ball, a tap-off situation occurs.

23.2.4 If a player deliberately throws or taps the ball onto an opponent, thus causing it to go out-of-bounds, the ball shall be awarded to the opponents, even though it was last touched by that team.

Art. 24 Dribbling

24.1 Definition

24.1.1 A dribble is the movement of a live ball caused by a player in control of that ball who throws, taps, rolls the ball on the floor or throws it deliberately against the backboard.

	<p>OFFICIAL WHEELCHAIR BASKETBALL RULES 2010</p> <p>Rule Five - Violations</p>	<p>October 2010</p> <p>Page 31 of 88</p>
--	--	--

24.1.2 A **dribble starts** when a player, having gained control of a live ball on the playing court:

- pushes on his large wheels and dribbles the ball simultaneously, or

24.1.3 Takes one or two pushes on his large wheels while the ball is either resting on his lap, not between his knees, or held in his hand, followed by dribbling the ball. This sequence may be repeated as often as the player wishes, or

- Use both of the above sequences alternately, or
- Throws, taps, rolls, dribbles it on the floor or deliberately throws it against the backboard and touches it again before it touches another player.

24.1.4 A player who accidentally loses and then regains control of a live ball on the playing court is considered to be fumbling the ball.

24.1.5 The following are not dribbles:

- Successive shots for a field goal.
- Fumbling the ball at the beginning or at the end of a dribble.
- Attempts to gain control of the ball by tapping it from the vicinity of other players.
- Tapping the ball from the control of another player.
- Deflecting a pass and gaining control of the ball.
- Tossing the ball from hand to hand and allowing it to come to rest in one or both hands before touching the floor, provided that no travelling violation is committed.

24.2 An infraction of this article is a violation.

Art. 25 Travelling (Three pushes)

25.1 Definition

25.1.1 A player may progress with a live ball on the court in any direction within the following limits:

- The number of pushes while holding the ball shall not exceed two.
- Any pivot movements shall be considered part of the dribble, and are limited to two consecutive pushes without dribbling the ball.

25.1.2 Braking a wheel without backward or forward movement of the hand(s) does not constitute a push.

25.2 An infraction of this article is a violation.

Art. 26 Three seconds

26.1 Rule

26.1.1 A player shall **not** remain in the opponents' restricted area for more than three (3) consecutive seconds while his team is in control of a live ball on the court and the game clock is running.

26.1.2 Allowances must be made for a player who:

- Makes an attempt to leave the restricted area.
- Is in the restricted area when he or his team-mate is in the act of shooting and the ball is leaving or has just left the player's hand(s) on the shot for a field goal.
- Dribbles in the restricted area to shoot for a field goal after having been there for less than three (3) seconds.

26.1.3 To establish himself outside the restricted area, the player must place all wheels of his wheelchair and any anti-tip castor(s), which continuously come into contact with the floor outside the restricted area.

Art. 27 Closely guarded player

27.1 Definition

A player who is holding a live ball on the playing court is closely guarded when an opponent is in an active guarding position at a distance of no more than one (1) m.

27.2 Rule

A closely guarded player must pass, shoot or dribble the ball within five (5) seconds.

Art. 28 Eight seconds

28.1 Rule

28.1.1 Whenever:

- A player gains control of a **live** ball in his **backcourt**,
- On a throw-in, the ball touches or is legally touched by any player in the backcourt and the team of that player taking the throw-in remains in control of the ball in its backcourt,

That team must cause the ball to go into its frontcourt within eight (8) seconds.

28.1.2 The team has caused the ball to go into its frontcourt whenever:

- The ball, not in control of any player, touches the frontcourt,
- The ball touches or is legally touched by an offensive player who has all wheels of his wheelchair and any anti-tip castor(s), which continuously come into contact with the floor in contact with his frontcourt,
- The ball touches or is legally touched by a defensive player who has part of his wheelchair in contact with his backcourt,
- The ball touches an official who has part of his body in the frontcourt of the team in control of the ball.
- During a dribble from the backcourt to the frontcourt, the dribbler has all wheels of the wheelchair and any anti-tip castor(s), which continuously come into contact with the floor and the ball are in contact with the frontcourt.
- The dribbler who has all wheels of the wheelchair and any anti-tip castor(s) touching the frontcourt:
 - Allows the ball to come to rest in one or both hands
 - Places the ball on his lap

28.1.3 The eight (8) second period will continue with any time remaining when the same team that previously had control of the ball is awarded a throw-in in the backcourt, as a result of:

- A ball having gone out-of-bounds.
- A player of the same team having been injured.
- A tap-off situation.
- A double foul.
- A cancellation of equal penalties against both teams.

28.1.4 The eight (8) second period will continue with any time remaining when the team that previously had control of the ball deliberately throws or taps the ball onto an opponent in the front court causing it to return to the back court.

Art. 29 Twenty-four seconds

29.1 Rule

29.1.1 Whenever:

- A player gains control of a **live** ball on the **playing court**,
- On a throw-in, the ball touches the wheelchair or touches or is legally touched by any player on the playing court and the team of that player taking the throw-in remains in control of the ball, that team must attempt a shot for a field goal within twenty-four (24) seconds.

To constitute a shot for a field goal within twenty-four (24) seconds:

- The ball must leave the player's hand(s) before the twenty-four (24) second clock signal sounds, and
- After the ball has left the player's hand(s), the ball must touch the ring or enter the basket.

29.1.2 When a **shot for a field goal is attempted near the end of the twenty-four (24) second period** and the twenty-four (24) second signal sounds while the ball is in the air:

- If the ball enters the basket, no violation has occurred, the signal shall be disregarded and the goal shall count.
- If the ball touches the ring but does not enter the basket, no violation has occurred, the signal shall be disregarded and the game shall continue.
- If the ball misses the ring, a violation has occurred. However, if the opponents have gained immediate and clear control of the ball, the signal shall be disregarded and the game shall continue.

29.2 Procedure

29.2.1 If the game is **stopped** by an official:

- For a foul or violation (not for the ball having gone out-of-bounds) by the team not in control of the ball,
 - For any valid reason by the team not in control of the ball,
 - For any valid reason not connected with either team,
- Possession of the ball shall be awarded to the same team that previously had control of the ball.

If the throw-in is administered in the backcourt, the twenty-four (24) second clock shall be reset to twenty-four (24) seconds.

If the throw-in is administered in the frontcourt, the twenty-four (24) second clock shall be reset as follows:

- If fourteen (14) seconds or more is displayed on the twenty-four (24) second clock at the time when the game was stopped, the twenty-four (24) second clock shall not be reset, but shall continue from the time it was stopped.
- If thirteen (13) seconds or less is displayed on the twenty-four (24) second clock at the time when the game was stopped, the twenty-four (24) second clock shall be reset to fourteen (14) seconds.

However, if in the judgement of an official, the opponents would be placed at a disadvantage, the twenty-four (24) second clock shall continue from the time it was stopped.

- 29.2.2 If the twenty-four (24) second clock signal **sounds in error** while a team has control of the ball or neither team has control of the ball, the signal shall be disregarded and the game shall continue.

However, if in the judgement of an official, the team in control of the ball has been placed at a disadvantage, the game shall be stopped, the twenty-four (24) second clock shall be corrected and the ball shall be awarded to that team.

Art. 30 Ball returned to the backcourt

30.1 Definition

- 30.1.1 The ball **goes** into a team's **backcourt** when:

- It touches the backcourt.
- It touches or it is legally touched by an offensive player who has part of his wheelchair or his hand(s) in contact with the backcourt.
- It touches an official who has part of his body in contact with the backcourt.

- 30.1.2 The ball has been illegally returned to the backcourt when a player of the team in control of the live ball is the last to touch the ball in his frontcourt, after which that player or a team-mate is the first to touch the ball in the backcourt.

This restriction applies to all situations in a team's frontcourt, including throw-ins. However, it does not apply to a player who establishes new team control as a result of intercepting a pass from his opponents near the centre line, while his hands are off the wheels, and cannot stop his momentum before he returns into the backcourt.

30.2 Rule

A player whose team is in control of a live ball may not cause the ball to be illegally returned to his backcourt.

	<p>OFFICIAL WHEELCHAIR BASKETBALL RULES 2010 Rule Five - Violations</p>	<p>October 2010 Page 35 of 88</p>
--	---	---------------------------------------

30.3 **Penalty**

- 30.3.1 The ball shall be awarded to the opponents for a throw-in in their frontcourt at a place nearest to the infraction except directly behind the backboard.

Art. 31 Lifting and Raising Rear Wheels off the Floor

31.1 **Definition - Lifting**

- 31.1.1 A Lifting is the act of raising the player's buttock's so that both cheeks are no longer in contact with the seating platform of the wheelchair or the cushion where a cushion is used on the wheelchair in order to gain an unfair advantage.

A player shall not lift from the wheelchair to shoot, rebound or pass the ball or attempt to block a shot or a pass from an opponent **or attempt to secure a pass from a team-mate.**

31.2 **Penalty**

A **lifting foul** shall be charged against the offender.

The game shall be resumed with a throw-in by the non-offending team at the place nearest to the infraction.

If the offending team is in a team foul penalty situation, then Art. 41 (Team fouls: Penalty) will apply and two (2) free throws are awarded to any member of the opponent's team as designated by his coach.

31.3 **Definition – Raising the rear wheels off the floor**

- 31.3.1 **Generally happens when a player, when firmly fastened to the wheelchair by way of strapping, and both hands are removed from the rear wheels raises both rear wheels at the same time and:**

- Reaches forward for the ball on the floor
- Makes contact with another player either from his own team or the opponent's team
- Raises the wheelchair to shoot, rebound, pass the ball or attempt to block a shot or a pass from an opponent or attempt to secure a pass from a team member
- Jumps the wheelchair laterally - e.g. to separate from a legal screen or an opponent in a legal guarding position
- Is contesting a tap-off at the beginning of the first period

- 31.3.2 It is legal to raise both the rear wheels off the floor, when the player is holding one or both rear wheels with one or both hands.

- 31.3.3 It is either a lifting foul or a personal foul or a violation anytime a player who has the ball, or is attempting to play the ball, raises both rear wheels off the floor, while both hands are removed from the rear wheels.

31.4 **Penalty**

- 31.4.1 A lifting foul shall be charged against the player, who raises both rear wheels off the floor while both hands are removed from the rear wheels, when he:

- Attempts to shoot or pass the ball or attempts to secure a pass from a team-mate **OR**
- Rebounds, or attempts to block a shot or a pass from an opponent.
- Is contesting a tap-off at the beginning of the first period
- Jumps the wheelchair laterally, (e. g.) to separate from a block

A lifting foul shall be charged against the offender.

The game shall be resumed with a throw-in by the non-offending team at the place nearest to the infraction.

If the offending team is in a team foul penalty situation, then Art. 41 (Team fouls: Penalty) will apply and two (2) free throws are awarded to any member of the opponent's team as designated by his coach.

- 31.4.2 A personal foul shall be charged against the player, who raises both rear wheels off the floor, while both hands are removed from the rear wheels, when he has come into contact with an opponent and in the judgement of the official this contact is a disadvantage for the opponent.

In this case the raising of the rear wheels off the floor which follows the contact is generally a result of the contact and is considered to be secondary and should be ignored

- 31.4.3 A violation shall be charged against the player, when the rear wheels are raised off the floor because of the player leaning forward to retrieve a ball from the floor, while both hands are removed from the rear wheels, with or without contact with another player.

31.5 **Definition - Tilting**

Tilting is an action initiated by a player who, with one or two hands removed from the wheels, lifts **one rear wheel with one front castor** off the floor while, shooting, defending, receiving or trying to intercept a pass, rebounding or taking part in the tap-off. Tilting is legal.

.

RULE SIX - FOULS

Art. 32 Fouls

32.1 Definition

A foul is either an infraction of the rules concerning illegal personal contact with an opponent or his wheelchair and/or unsportsmanlike behaviour or lifting or raising the rear wheels off the floor.

- 32.1.1 Any number of fouls may be called against a team. Irrespective of the penalty, each foul shall be charged, entered on the scoresheet against the offender and penalised accordingly.

Note: The wheelchair is considered to be part of the player

Art. 33 Contact General principles

33.1 Cylinder principle

The cylinder principle is defined as the space within an imaginary cylinder occupied by a player and his wheelchair on the floor. It includes the space above the player and is limited to:

- The **front** by the palms of the hands and the footrest or the horizontal bar at front of the wheelchair,
- The **rear** by the back outside edge of the large wheels, and
- The **sides** by the outside edge of the large wheels where they touch the floor.
- The hands and arms may be extended in front of the torso no further than the position of the footrest or the horizontal bar at the front of the wheelchair, with the arms bent at the elbows so that the forearms and hands are raised. The distance between the large wheels will vary according to the camber of the wheels.

Diagram 6 the Wheelchair Cylinder

33.2 Principle of Verticality – The Wheelchair Cylinder

On the basketball court, each player has the right to the space (cylinder) on court occupied by his wheelchair and his torso when in the upright seated position.

Note: The cylinder is defined as the geometrical shape formed by the player, his wheelchair with all wheels including anti-tip castor(s) in contact with the floor as viewed from above.

This principle protects the space on the floor which his wheelchair occupies and the air space above his torso and his wheelchair.

As soon as the player leaves his vertical position (cylinder) and body or wheelchair contact occurs with an opposing player who had already established his own vertical position (cylinder), the player who left his vertical position (cylinder) is responsible for the contact.

The defender must not be penalized for having his hands and arms extended above him and within his own cylinder.

The offensive player shall not cause contact with a defensive player in a legal guarding position by:

- Using his arms to create additional space for himself (clear-out)
Spreading his legs or arms to cause contact during or immediately after a shot for a field goal.

33.3 Legal Guarding Position

A defensive player has established a legal guarding position when:

- He has covered the path of an opponent, or
- He has established a position in the path of an opponent while, at the same time, allowing that opponent time to avoid contact.
- The path of a player is the direction that the player is moving.
- The path of a player is as wide as the parallels drawn from either side of the seat of a wheelchair in the direction that the wheelchair is travelling.

Note: The parallel lines extending from either side of the seat will serve as a practical point of reference for the official. This definition does not imply that the wheels are not part of the wheelchair or part of the player.

To cover the path of an opponent, a player must position his wheelchair across the opponent's path, with his wheelchair extending from one side of the path across to the other side.

A player may not place his wheelchair between the rear wheels of an opponent's wheelchair

The legal guarding position extends upwards above the player's torso, but within the cylinder formed by the player's body and wheelchair. The player may raise his arms above his head, but he must maintain them in a position inside the imaginary cylinder.

33.4 Guarding a Player who Controls the Ball

- 33.4.1 A player who stops in the path of a moving opponent must give the opponent time and distance to stop or change direction.

- Slight or incidental contact which disadvantages neither player may be disregarded.
- A player who covers the path of an opponent is considered to have given the opponent time and distance to avoid contact.

33.4.2 The player with the ball, while moving or stationary, must expect to be guarded and must be prepared to stop or change direction whenever an opponent takes a legal guarding position in front of him. (See article 33.4.1 for time and distance to stop or change direction).

- The guarding (defensive) player must establish a legal guarding position without causing contact prior to taking that position.
- Once a defensive player has established a legal guarding position, he must maintain this position; that is, he may not extend his arms or move his wheelchair illegally to prevent the player with the ball from passing him by.

33.4.3 When Judging a Block/Charge situation an official shall use the following principles:

- The defensive player must establish an initial legal guarding position by either;
 - Covering the path of the opponent, or
 - Establishing a position in the path of the opponent that allows the opponent time to avoid contact. (see also Art 33.6.4, 33.7.1, 33.8.2).
- The defensive player may remain stationary, or move forwards or backwards to re-establish the guarding position, particularly to cover the path of an opponent who is attempting to move away.
- The defensive player must be on the spot first. If this defensive player has legally covered the path of the opponent, the defensive player is considered to be on the spot first.

IF THE THREE ITEMS ABOVE ARE PRESENT, THEN THE CONTACT IS CAUSED BY THE PLAYER WITH THE BALL.

33.5 **Guarding a Player who does NOT Control the Ball**

33.5.1 A player who does not control the ball is entitled to move freely on the playing court and take any position not already occupied by another player.

- In taking up a legal position close to an opponent, a player must occupy the position first.
- The defensive player must be on the spot first. The defensive player is considered to have a legal position if he reaches a spot before an opponent who does not control the ball.

33.5.2 Once a defensive player has taken a legal guarding position, he may not prevent an opponent from passing him by extending his arms into the opponent's path. He may however, in order to prevent injury, turn or place his arms in front of his body, or turn his wheelchair, providing that in turning his chair he does not, in the opinion of the official, significantly change his position in the path of the opponent.

Once a defensive player has taken a legal guarding position:

- He may remain stationary or move laterally or move away from the opponent in order to maintain his legal position in relation to the opponent.
- He may move towards his opponent; however, if contact occurs, he is responsible.

33.5.3 A defender who is stationary within a chair length of the braking area of a moving opponent who does not control the ball, and who then moves into the braking area of that opponent, must allow the opponent time and distance to avoid contact.

33.6 **Crossing the path**

33.6.1 Crossing the path occurs when one of two opponents, travelling either parallel (in the same direction) or on converging paths, changes direction and turns across into the path of the opponent.

33.6.2 A moving player with or without the ball may legally cross into the path of an opponent under the following conditions:

- The axle of the rear wheel of the player crossing the path can be seen in advance of the most forward part of the opponent's wheelchair, that is either the footrests or, in case of a chair with a forward projection located in front of the wheelchair, in front of the most forward point of that projection.
- The player who cross the path must allow the opponent time and distance to avoid contact.

33.6.3 If a player legally crosses the path of an opponent, then the opponent is responsible for contact.

33.6.4 Illegal crossing the path is personal contact that takes place when a player, with or without the ball, changes direction and attempts to cross into the path of an opponent without allowing that opponent time to stop or change direction.

33.7 **The elements of Time and Distance**

Coming to an immediate stop with a wheelchair is impossible.

33.7.1 Moving players who stop ahead of an opponent must allow sufficient distance between the wheelchairs, in order to give the opponent the opportunity to brake or to change direction without causing severe contact.

Slight contact can be regarded as incidental if a player tries **to brake or to change the direction** of his wheelchair.

The distance needed by a player to stop is directly proportional to the speed of his wheelchair.

33.8 **Screening - Legal and Illegal**

Screening is an attempt to delay or prevent an opponent without the ball from reaching a desired position on the playing court.

33.8.1 LEGAL screening takes place when the player who is screening an opponent:

- **Is Stationary** (inside his cylinder) when contact occurs.
- Has established a legal position on the floor.
- If the screen is set **within** the field of vision of a stationary opponent (front or lateral), the screener may establish the screen as close to him as he desires, providing there is no contact.
- If the screen is set **outside** the field of vision of a stationary opponent (frontal or lateral), the screener may establish the screen as close to him, short of contact, as he desires
- If the opponent is **in motion**, the elements of time and distance shall apply. The screener must either cover the path of the player who is being screened or leave enough space so that the player who is being screened is able to avoid the screen by stopping or changing direction.
- A player who is legally screened is responsible for any contact with the player who has set the screen.

33.8.2 **ILLEGAL** screening takes place when the player who is screening an opponent:

- Was **moving** when contact occurred.
- Did not respect the elements of time and distance of an opponent **in motion** when contact occurred.
- Failed to cover the path of the opponent

33.9 **Charging**

Charging is illegal personal contact, with or without the ball, by pushing or moving into an opposing player's wheelchair.

33.10 **Blocking**

Blocking is illegal personal contact which impedes the progress of an opponent with or without the ball.

33.10.1 A player who is attempting to screen is committing a blocking foul if contact occurs when he is moving and his opponent is stationary or retreating from him.

If a player disregards the ball, faces an opponent and shifts his position as the opponent shifts, he is primarily responsible for any contact that occurs, unless other factors are involved.

The expression 'unless other factors are involved' refers to deliberate pushing, charging or holding of the player who is being screened.

33.10.2 It is legal for a player to extend his arm(s) or elbow(s) outside of his cylinder in taking position on the floor but they must be moved inside his cylinder when an opponent attempts to go by. If the arm(s) or elbow(s) are outside his cylinder and contact occurs, it is blocking or holding.

33.11 **Contacting an Opponent with the Hand(s) and/or Arm(s)**

The touching of an opponent with a hand(s) is, in itself, not necessarily a foul.

The officials shall decide whether the player who caused the contact has gained an unfair advantage. If contact caused by a player in any way restricts the freedom of movement of an opponent, such contact is a foul.

- 33.11.1 Illegal use of the hand(s) or extended arm(s) occurs when the defensive player is in a guarding position and his hand(s) or arm(s) is placed upon and remains in contact with an opponent with or without the ball, to impede his progress.

To repeatedly touch or 'jab' an opponent with or without the ball is a foul, as it may lead to rough play.

- 33.11.2 To repeatedly touch or 'jab' an opponent with or without the ball is a foul, as it may lead to rough play.

- It is a foul by an **offensive player with the ball** to: 'Hook' or wrap an arm or an elbow around a defensive player in order to obtain an unfair advantage.
- 'Push off' to prevent the defensive player from playing or attempting to play the ball, or to create more space between himself and the defensive player.
- Use an extended forearm or hand, while dribbling, to prevent an opponent from gaining control of the ball.

- 33.11.3 It is a foul by an offensive player without the ball to 'push off' to:

- Get free to receive the ball.
- Prevent the defensive player from playing or attempting to play the ball.
- Create more space between himself and the defensive player.

33.12 **Illegal guarding from the rear**

Illegal guarding from the rear is personal contact with an opponent or his wheelchair, by a defensive player, from behind. The fact that the defensive player is attempting to play the ball does not justify his contact with an opponent or his wheelchair from the rear.

33.13 **Holding**

Holding is illegal personal contact with an opponent that interferes with his freedom of movement or that of his wheelchair. This contact (holding) can occur with any part of the body or the wheelchair.

33.14 **Pushing**

Pushing is illegal personal contact with any part of the body or the wheelchair in which a player forcibly moves or attempts to move an opponent with or without control of the ball.

Art. 34 Personal foul

34.1 **Definition**

- 34.1.1 A personal foul is a player's contact foul with an opponent (which includes his wheelchair), whether the ball is live or dead.

A player shall not hold, block, push, charge, trip or impede the progress of an opponent by extending his hand, arm, elbow, shoulder nor by bending

his body into an 'abnormal' position (outside his cylinder), nor shall he indulge in any rough or violent play.

34.2 **Penalty**

A personal foul shall be charged against the offender.

34.2.1 If the foul is committed on a player not in the act of shooting:

- The game shall be resumed with a throw-in by the non-offending team at the place nearest to the infraction.
- If the offending team is in a team foul penalty situation, then Art. 41 (Team fouls: Penalty) will apply.

34.2.2 If the foul is committed on a player in the act of shooting, that player shall be awarded a number of free throw(s) as follows:

- If the shot from the field goal area is successful, the goal shall count and, in addition, one (1) free throw.
- If the shot from the two-point field goal area is unsuccessful, two (2) free throws.
- If the shot from the three-point field goal area is unsuccessful, three (3) free throws.
- If the player is fouled as, or just before, the game clock signal sounds for the end of the period or as, or just before, the twenty-four (24) second clock signal sounds, while the ball is still in the player's hand(s) and the field goal is successful, the goal shall not count and two (2) or three (3) free throws will be awarded.

Art. 35 Double foul

35.1 **Definition**

35.1.1 A double foul is a situation in which two (2) opponents commit personal fouls against each other at approximately the same time.

35.2 **Penalty**

A personal foul shall be charged against each offender. No free throws shall be awarded and the game shall be resumed as follows:

If at approximately the same time as the double foul

- A valid field goal, or a last or only free throw is scored, the ball shall be awarded to the non-scoring team for a throw-in at any place at the endline.
- A team had control of the ball or was entitled to the ball, the ball shall be awarded to this team for a throw-in at the place nearest to the infraction.
- Neither team had control of the ball nor was entitled to the ball, a tap-off situation occurs.

Art. 36 Unsportsmanlike foul

36.1 **Definition**

- 36.1.1 An unsportsmanlike foul is a player contact foul which, in the judgement of an official, is not a legitimate attempt to directly play the ball within the spirit and intent of the rules.
- 36.1.2 The official must interpret the unsportsmanlike fouls consistently throughout the game and to judge only the action.
- 36.1.3 To judge whether a foul is unsportsmanlike, the officials should apply the following principles:
- If a player is making no effort to play the ball and contact occurs, it is an unsportsmanlike foul.
 - If a player, in an effort to play the ball, causes excessive contact (hard foul), it is an unsportsmanlike foul.
 - If a defensive player causes contact with an opponent from behind or laterally in an attempt to stop a fast break and there is no opponent between the offensive player and the opponents' basket, it is an unsportsmanlike foul.
 - If a player commits a foul while making a legitimate effort to play the ball (normal play), it is not an unsportsmanlike foul.

36.2 **Penalty**

- 36.2.1 An unsportsmanlike foul shall be charged against the offender.
- 36.2.2 Free throw(s) shall be awarded to the player who was fouled, followed by:
- A throw-in at the centre line extended, opposite the scorer's table.
 - A tap-off in the centre circle to begin the first period.
- The number of free throws shall be awarded as follows:
- If the foul is committed on a player not in the act of shooting: two (2) free throws.
 - If the foul is committed on a player in the act of shooting: the goal, if made, shall count and, in addition, one (1) free throw.
 - If the foul is committed on a player in the act of shooting and the goal is not made: two (2) or three (3) free throws.
- 36.2.3 A player shall be disqualified when he is charged with two (2) unsportsmanlike fouls.
- 36.2.4 If a player is disqualified under Art. 36.2.3, that unsportsmanlike foul shall be the only foul to be penalised and no additional penalty for the disqualification shall be administered.

Art. 37 Disqualifying foul

37.1 **Definition**

- 37.1.1 A disqualifying foul is any flagrantly unsportsmanlike action of a player, substitute, excluded player, coach, assistant coach or team follower.
- 37.1.2 A coach who has received a disqualifying foul shall be replaced by the assistant coach as entered on the scoresheet. If no assistant coach is entered on the scoresheet, he shall be replaced by the captain (CAP).

37.1.3 In order to assist the team in confirming that their equipment meets the requirements covered under Article 3.1 the game commissioner will conducting a chair check prior to the start of the tournament. It is the responsibility of the player to ensure that their wheelchair meets the requirements covered under Article 3.1 when the player enters the court with the wheelchair. To alter a wheelchair not in accordance with the rules is considered to be flagrantly unsportsmanlike behaviour. Officials may conduct directed chair checks during a game. Any equipment found to be altered shall be removed from the game. The player is responsible for his equipment and any modification shall be considered a deliberate act to gain an unfair advantage. The player will be assessed a disqualifying foul. If the same player is found to have altered his wheelchair a second time during the tournament he shall be disqualified from the tournament.

37.2 **Penalty**

37.2.1 A disqualifying foul shall be charged against the offender.

37.2.2 Whenever the offender is disqualified according to the respective articles of these rules, he shall go to and remain in his team's dressing room for the duration of the game or, if he so chooses, he shall leave the building.

37.2.3 Free throw(s) shall be awarded:

- To any opponent, as designated by his coach in the case of a non-contact foul.
- To the player who was fouled in the case of a contact foul.

Followed by:

- A throw-in at the centre line extended, opposite the scorer's table.
- A tap-off in the centre circle to begin the first period.

37.2.4 The number of free throws shall be awarded as follows:

- If the foul is committed on a player not in the act of shooting: two (2) free throws.
- If the foul is committed on a player in the act of shooting: the goal, if made, shall count and in addition one (1) free throw.
- If the foul is committed on a player in the act of shooting and the goal is not made: two (2) or three (3) free throws.

Art. 38 Technical foul

38.1 **Rules of conduct**

38.1.1 The proper conduct of the game demands the full and loyal cooperation of the members of both teams (players, substitutes, coaches, assistant coaches, excluded players and team followers) with the officials, table officials and game commissioner, if present.

38.1.2 Each team shall do its best to secure victory, but this must be done in the spirit of sportsmanship and fair play.

38.1.3 Any deliberate or repeated non-cooperation or non-compliance with the spirit and intent of this rule shall be considered as a technical foul.

38.1.4 The official may prevent technical fouls by giving warnings or even overlooking minor infractions which are obviously unintentional and have no direct effect upon the game, unless there is repetition of the same infraction after the warning.

38.1.5 If an infraction is recognised after the ball becomes live, the game shall be stopped and a technical foul charged. The penalty shall be administered as if the technical foul had occurred at the time it is charged. Whatever occurred during the interval between the infraction and the game being stopped shall remain valid.

38.2 **Violence**

38.2.1 Acts of violence may occur during the game, contrary to the spirit of sportsmanship and fair play. These should be stopped immediately by the officials and, if necessary, by public order enforcement officers.

38.2.2 Whenever acts of violence occur between players, substitutes, excluded players, coaches, assistant coaches or team followers, on the playing court or in its vicinity, the officials shall take the necessary action to stop them.

38.2.3 Any of the above persons who are guilty of flagrant acts of aggression against opponents or officials shall be disqualified. The referee must report the incident to the organising body of the competition.

38.2.4 Public order enforcement officers may enter the playing court only if requested to do so by the officials. However, should spectators enter the playing court with the obvious intention of committing acts of violence, the public order enforcement officers must intervene immediately to protect the teams and officials.

38.2.5 All other areas, including entrances, exits, hallways, dressing rooms, etc., come under the jurisdiction of the organising body of the competition and the public order enforcement officers.

38.2.6 Physical actions by players, substitutes, excluded players, coaches, assistant coaches and team followers which could lead to damaging of game equipment, must not be permitted by the officials.

When behaviour of this nature is observed by the officials, the coach of the offending team shall be given a warning.

Should the action(s) be repeated, a technical foul shall immediately be called on the individual(s) involved.

38.3 **Definition**

38.3.1 A technical foul is a player non-contact foul of a behavioural nature including, but not limited to:

- Disregarding warnings by officials.
- Disrespectfully touching the officials, the commissioner, the table officials or the team bench personnel.
- Disrespectfully communicating with the officials, the game commissioner if present, the table officials or the opponents.
- Using language or gestures likely to offend or incite the spectators.

- Baiting an opponent or obstructing his vision by waving his hands near his eyes.
 - Excessive swinging of elbows.
 - Delaying the game by deliberately touching the ball after it passes through the basket or by preventing a throw-in from being taken promptly.
 - Falling down to fake a foul.
 - Leaving the court for any unauthorized reason.
 - Taking his feet off the foot rests to gain an unfair advantage.
 - Using any part of the lower limb(s) to gain an unfair advantage or to steer the wheelchair.
- 38.3.2 A technical foul by a coach, assistant coach, substitute, excluded player or team follower is a foul for disrespectfully communicating with or touching the officials, the game commissioner if present, the table officials or the opponents, or an infraction of a procedural or an administrative nature.
- 38.3.3 A coach shall be disqualified when:
- He is charged with two (2) technical fouls ('C') as a result of his personal unsportsmanlike behaviour.
 - He is charged with three (3) technical fouls, either all of them ('B') or one of them ('C'), as a result of unsportsmanlike behaviour of the team bench (assistant coach, substitute, excluded player or team follower).
- 38.3.4 If a coach is disqualified under Art. 38.3.3, that technical foul shall be the only foul to be penalised and no additional penalty for the disqualification shall be administered.
- 38.3.5 A Technical foul may also occur as the result of a request by a coach to have a chair check made on a player of the opposing team. If the referee determines that the chair is illegal the player will be disqualified in accordance with Article 37.1.3. If the referee determines that the chair is legal the coach requesting the chair check shall be assessed a Technical foul ("C").
- 38.4 **Penalty**
- 38.4.1 If a technical foul is committed:
- By a player, a technical foul shall be charged against him as a player foul and shall count as one of the team fouls.
 - By a coach ('C'), assistant coach ('B'), substitute ('B'), excluded player ('B') or team follower ('B'), a technical foul shall be charged against the coach and shall not count as one of the team fouls.
- 38.4.2 Two (2) free throws shall be awarded to the opponents, followed by:
- A throw-in at the centre line extended, opposite the scorer's table.

- 42.2.7 If, after the cancellation of equal penalties against the teams, there are no other penalties remaining for administration, the game shall be resumed as follows.

- A valid field goal is scored, the ball shall be awarded to the non-scoring team for a throw-in at any place at the endline.

- 43.2.2 When a technical foul is called, any member of the opponent's team as designated by his coach shall attempt the free throws.

43.2.3 The free-throw shooter shall:

- Take a position with his rear wheels behind the free-throw line and inside the semi-circle. His front wheel(s) (or castor(s)) may be in advance of the line.

The ball shall be awarded to the opponents for a throw-in at the free-throw line extended unless there is a further free throw(s) or possession penalty to be administered.

- Permitting the wrong player to attempt a free throw(s).

44.2 **General procedure**

44.2.1 To be correctable the above-mentioned errors must be recognized by the officials, commissioner, if present, or table officials before the ball becomes live following the first dead ball after the game clock has started following the error.

44.2.2 An official may stop the game immediately upon recognition of a correctable error, as long as neither team is placed at a disadvantage.

- 44.2.5 Once an error that is still correctable has been recognised, and:
- If the player involved in the correction of the error is on the team bench after having been legally substituted (not for having committed his fifth foul or for having been disqualified), he must re-enter the playing court, unless he is injured, to participate in the correction of the error (at this point he becomes a player).
Upon completion of the correction, he may remain in the game unless a legal substitution has been requested again, in which case the player may leave the playing court.
 - If the player was substituted due to his injury, having committed his fifth foul or having been disqualified, his substitute must participate in the correction of the error.

 - If the game clock has started and, at the time the error is recognised, a foul penalty involving a free throw(s) has been awarded, the free

throw(s) shall be administered and the ball shall be awarded for a throw-in to the team that was in control of the ball at the time the error occurred.

44.3.2 Failure to award a merited free throw(s).

- If there has been no change in possession of the ball since the error occurred, the game shall be resumed after correction of the error as after any normal free throw.
- If the same team scores after having been erroneously awarded possession of the ball for a throw-in, the error shall be disregarded.

44.3.3 Permitting the wrong player to attempt a free throw(s).

The free throw(s) attempted, and the possession of the ball if part of the penalty, shall be cancelled and the ball shall be awarded to the opponents for a throw-in at the free-throw line extended, unless penalties for further infractions are to be administered.

- 46.4 Not permit any player to wear objects that may cause injury to other players.
- 46.5 Administer a tap-off to start the first period and a throw-in to start all other periods.
- 46.6 Have the power to stop a game when conditions warrant it.
- 46.7 Have the power to determine that a team shall forfeit the game.
- 46.8 Carefully examine the scoresheet at the end of playing time or at any time he feels is necessary.

- 46.9 Approve and sign the scoresheet at the end of playing time, **terminating** the officials' administration and **connection** with the game. The officials' **power** shall **begin** when they arrive on the playing court twenty (20) minutes before the game is scheduled to begin, and **end** when the game clock signal sounds for the end of the playing time as approved by the officials.
- 46.10 Record on the reverse side of the scoresheet, before signing it:
- Any forfeit or disqualifying foul,
 - Any unsportsmanlike behaviour by players, coaches, assistant coaches or team followers that occurs prior to the twenty (20) minutes before the game is scheduled to begin, or between the end of playing time and the approval and signing of the scoresheet.
- In such a case, the referee (commissioner, if present) must send a detailed report to the organising body of the competition.

- 47.2 The officials shall blow their whistles when an infraction of the rules occurs, a period ends or the officials find it necessary to stop the game. The officials shall not blow their whistles after a successful field goal, a successful free throw or when the ball becomes live.
- 47.3 When deciding on a personal contact or violation, the officials shall, in each instance, have regard to and weigh the following fundamental principles:
- The spirit and intent of the rules and the need to uphold the integrity of the game.
 - Consistency in application of the concept of 'advantage/disadvantage'. The officials should not seek to interrupt the flow of the game

unnecessarily in order to penalise incidental personal contact which does not give the player responsible an advantage nor place his opponent at a disadvantage. In wheelchair basketball, slight contact can be regarded as incidental if a player tries to brake or to change the direction of his wheelchair.

- Consistency in the application of common sense to each game, bearing in mind the abilities of the players concerned and their attitude and conduct during the game.
- Consistency in the maintenance of a balance between game control and game flow, having a 'feeling' for what the participants are trying to do and calling what is right for the game.

47.4 Should a protest be filed by one of the teams, the referee (commissioner, if present) shall, within one (1) hour following the end of playing time, report the protest to the organising body of the competition.

47.5 If an official is injured or for any other reason cannot continue to perform his duties within five (5) minutes of the incident, the game shall be resumed. The remaining official(s) will officiate alone until the end of the game, unless there is the possibility of replacing the injured official with a qualified substitute official. After consulting with the commissioner, if present, the other official will decide upon the possible replacement.

47.6 For all international games, if verbal communication is necessary to make a decision clear, it shall be conducted in English language.

47.7 **Each official has the power to make decisions within the limits of his duties, but has no authority to disregard or question decisions made by the other official(s).**

47.8 **Decisions made by the officials are final and cannot be contested or disregarded.**

Art. 48 Scorer and assistant scorer: Duties

48.1 The **scorer** shall be provided with a scoresheet and shall keep a record of:

- Teams, by entering the names and numbers of the players who are to start the game and of all substitutes who enter the game. Similarly, he must notify an official immediately when a player has committed two (2) unsportsmanlike fouls and should be disqualified.

48.3 The **assistant scorer** shall operate the scoreboard and assist the scorer. In the case of any discrepancy between the scoreboard and the scoresheet which cannot be resolved, the scoresheet shall take precedence and the scoreboard shall be corrected accordingly.

48.4 If a scorekeeping error is recognised:

- During the game, the scorer must wait for the first dead ball before sounding his signal.
- After the end of the playing time and before the scoresheet has been signed by the referee, the error shall be corrected, even if this correction influences the final result of the game.
- After the scoresheet has been signed by the referee, the error may no longer be corrected. The referee or the commissioner, if present, must send a detailed report to the organising body of the competition.

48.5 The game commissioner or the assistant scorer shall assist the scorer by verifying the correctness of the total number of classification points of a team's five players on court. Should a team exceed the 14 point limit rule (see Art. 51.2), the game commissioner or the assistant scorer shall notify the scorer who shall, in turn, inform the referee and a technical foul will be charged against the coach of the offending team.

Art. 49 Timer: Duties

49.1 The **timer** shall be provided with a game clock and a stopwatch and shall:

 - After an unsuccessful last or only free throw and the ball continues to be live, the ball touches or is touched by a player on the playing court.
 - During a throw-in, the ball touches or is legally touched by a player on the playing court.
- Stopping the game clock when:
 - Time expires at the end of playing time for a period, if not stopped automatically by the game clock itself.
 - An official blows his whistle while the ball is live.
 - A field goal is scored against a team which has requested a time-out.
 - A field goal is scored in the last two (2) minutes of the fourth period and in the last two (2) minutes of each extra period.
 - The twenty-four (24) second clock signal sounds while a team is in control of the ball.

49.3 The timer shall measure a **time-out** as follows:

- Starting the stopwatch immediately when the official blows his whistle and gives the time-out signal.
- Sounding his signal when fifty (50) seconds of the time-out have elapsed.
- Sounding his signal when the time-out has ended.

49.4 The timer shall measure an **interval of play** as follows:

- Starting the stopwatch immediately when a previous period has ended.
- Sounding his signal before the first and third period when three (3) minutes, one (1) minute and thirty (30) seconds remain until the beginning of the period.
- Sounding his signal before the second, fourth and each extra period when thirty (30) seconds remain until the beginning of the period.
- Sounding his signal and simultaneously stopping the stopwatch immediately when an interval of play has ended.

Art. 50 Twenty-four (24) second operator: Duties

The twenty-four (24) second clock operator shall be provided with a twenty-four (24) second clock which shall be:

50.1 **Started or restarted when:**

- A team gains control of a live ball on the playing court.
- On a throw-in, the ball **touches** or is legally touched by any player on the playing court.

The mere touching of the ball by an opponent does not start a new twenty-four (24) second period if the same team remains in control of the ball.

50.2 Whenever an official blows the whistle as a result of:

- A foul or violation (not for the ball having gone out-of-bounds by the team not in control of the ball),
- The game being stopped because of an action not connected with the team in control of the ball,
- The game being stopped because of an action not connected with either team, unless the opponents would be placed at a disadvantage, the twenty-four (24) second clock shall be:
 1. **Stopped and reset to twenty-four (24) seconds**, with no display visible, when:
 - The ball legally enters the basket.
 - The ball touches the ring of the opponents' basket (unless the ball lodges between the ring and the backboard).
 - The team is awarded a backcourt throw-in or free throw(s).
 - The infraction of the rules is committed by the team in control of the ball.
 2. **Stopped but not reset** to twenty-four (24) seconds when the same team that previously had control of the ball is awarded a frontcourt throw-in and fourteen (14) seconds or more are displayed on the twenty-four (24) second clock.
 3. **Stopped and reset to fourteen (14) seconds** when the same team that had control of the ball is awarded a frontcourt throw-in and thirteen (13) seconds or less are displayed on the twenty-four (24) second clock.

50.3 **Stopped, but not reset**, when the same team that previously had control of the ball is awarded a throw-in as a result of:

- A ball having gone out-of-bounds.
- A player of the same team having been injured.
- A tap-off situation.
- A double foul.
- A cancellation of equal penalties against the teams.

50.4 **Switched off**, after the ball became dead and the game clock has been stopped, when there are fewer than twenty-four (24) or fourteen (14) seconds remaining on the game clock in any period.

The twenty-four (24) second clock signal does not stop the game clock or the game, nor cause the ball to become dead, unless a team is in a control of the ball.

B.10 The running score

- B.10.1 The scorer shall keep a chronological running summary of the points scored by each team.
- B.10.2 There are four (4) columns on the scoresheet for running score.
- B.10.3 Each column is divided again into four columns. The two (2) on the left are for team 'A' and the two (2) on the right for team 'B'. The centre columns are for the running score (160 points) for each team.

The scorer shall:

- **First**, draw a diagonal line (/) for any valid field goal scored and a filled circle (●) for any valid free throw scored, over the **new total** number of points as accumulated by the team that has just scored.
- **Then**, in the blank space on the same side of the new total number of points (beside the new / or ●), enter the number of the player who scored the field goal or the free throw.

- B.11.4 At the end of each period, the scorer shall draw a thick circle (●) around the latest number of points scored by each team, followed by a thick horizontal line under those points and under the number of each player who scored those last points.
- B.11.5 At the beginning of each period the scorer shall continue to keep a chronological running summary of the points scored from the point of interruption.
- B.11.6 Whenever possible, the scorer should check his running score with the visual scoreboard. If there is a discrepancy, and his score is correct, he shall immediately take steps to have the scoreboard corrected. If in doubt or if one of the teams raises an objection to the correction, he shall inform the referee as soon as the ball becomes dead and the game clock is stopped.

C - PROTEST PROCEDURE

If, during an IWBF official competition, a team believes its interests have been adversely affected by a decision of an official [referee or umpire(s)] or by any event that took place during a game, it must proceed in the following manner:

- C.1 The captain (CAP) of that team shall, immediately at the end of the game, inform the referee that his team is protesting against the result of the game and sign the scoresheet in the space marked 'Captain's signature in case of protest'.

To make this protest valid, it is necessary for the official representative of the national federation or of the club to give confirmation of this protest in writing. This must be made within twenty (20) minutes following the end of the game.

Detailed explanations are not necessary. It is sufficient to write: 'The national federation (or club) X protests against the result of the game between the teams X and Y'. Then he shall deposit with the IWBF representative or with the President of the Tournament Technical Committee, a sum equivalent to US\$ 500 as security.

The national federation of the team or the club in question must submit to the IWBF representative or to the President of the Tournament Technical Committee the text of its protest within one (1) hour following the end of the game.

If the protest is accepted, the security will be refunded.

- C.2 The referee shall, within one (1) hour following the end of the game, report the incident which lead to the protest, to the IWBF representative or to the President of the Tournament Technical Committee.
- C.3 Should the national federation of the team or the club in question, or that of the opposing team or club, not be in agreement with the decision of the Tournament Technical Committee, it may then address an appeal to the Jury of Appeal.

To make this appeal valid, it must be made, in writing, within twenty (20) minutes following the delivery of the decision of the Tournament Technical Committee and be accompanied by a deposit equivalent to US\$ 1000, as security.

The Jury of Appeal shall judge the appeal in the last instance, and its decision shall be final.

- C.4 Videos, films, pictures or any equipment, visual, electronic, digital, or otherwise, may be used only to:
- Decide if a last shot for a field goal at the end of each period or any extra period was released during playing time and/or whether that shot for a field goal counts for two (2) or three (3) points.
 - Determine responsibility in matters of discipline or for educational (training) purposes after the game has ended.

D - CLASSIFICATION OF TEAMS

D.1 Procedure

Teams shall be classified according to their win-loss records, namely two (2) points for each game won, one (1) point for each game lost (including lost by default) and zero (0) points for a game lost by forfeit.

D.1.1 If there are two (2) teams in the classification with equal points, the result(s) of the game(s) between the two (2) teams involved will be used to determine the placing.

D.1.2 If the points and the goal average in the games between the two (2) teams are still the same, the classification will be determined by the goal average of all the games played in the group by each team.

D.1.3 If there are more than two (2) teams in the classification with equal points, a second classification will be established, taking into account only the results of the games between the involved teams.

D.1.4 If at any stage of this procedure the number of teams with equal points is reduced to only two (2) teams, the procedure in D.1.1 and D.1.2 above will be applied.

D.1.5 If in the second classification there are still teams with equal points, the goal average will be used to determine the placing, taking into account only the results of the games between the involved teams.

D.1.6 If there are still more than two (2) teams with the same goal average, the placing will be determined using the goal average from the results of all their games played in the group.

D.1.7 If at any stage of this procedure the number of teams with equal points is reduced to a tie still involving more than two (2) teams, the procedure, beginning with D.1.3 above, is repeated.

D.1.8 Goal average will always be calculated by division.

D.2 Exception:

If only three (3) teams take part in a competition and the situation cannot be resolved following the steps outlined above (the goal average by division is identical), then the points scored will determine the placing.

Example:

Results between A, B, C:

A vs. B	82 - 75
A vs. C	64 - 71
B vs. C	91 - 84

Team	Games played	Wins	Losses	Points	Goal difference	Goal average
A	2	1	1	3	146 : 146	1.000
B	2	1	1	3	166 : 166	1.000
C	2	1	1	3	155 : 155	1.000

Therefore:

1 st	B - 166 points scored
2 nd	C - 155 points scored
3 rd	A - 146 points scored

If the teams are still tied after all the above steps have been followed, a draw will be used for the final placing. The method for the draw will be determined by the commissioner or by the competent local authority.

D.3 Further examples of the classification rule:

D.3.1 Two (2) teams - equal points and only one game played between them.

Team	Games played	Wins	Losses	Points
A	5	4	1	9
B	5	4	1	9
C	5	3	2	8
D	5	2	3	7
E	5	2	3	7
F	5	0	5	5

The winner of the game between A and B will be classified first and the winner of D and E will be classified fourth.

D.3.2 Two (2) teams - equal points and two (2) games played between them.

Team	Games played	Wins	Losses	Points
A	10	7	3	17
B	10	7	3	17
C	10	6	4	16
D	10	5	5	15
E	10	3	7	13
F	10	2	8	12

Results between A, B:

D.3.2.1 A won both games:

Therefore

1 st	A
2 nd	B

D.3.2.2 Each team won one game:

	A vs. B	90 - 82
	B vs. A	69 - 62
Goal difference:	A	152 - 151
	B	151 - 152
Goal average:	A	1.0066
	B	0.9934
Therefore	1 st	A
	2 nd	B

D.3.2.3 Each team won one game:

A vs. B	90 - 82
B vs. A	70 - 62

The two (2) teams have the same goal difference (152 - 152) and the same goal average by division (1.000).

The placing will be determined using the goal average from the results of all their games played in the group.

D.3.3 More than two (2) teams - equal points:

Team	Games played	Wins	Losses	Points
A	5	4	1	9
B	5	4	1	9
C	5	4	1	9
D	5	2	3	7
E	5	1	4	6
F	5	0	5	5

Results between A, B, C: A vs. B 82 - 75
A vs. C 77 - 80
B vs. C 88 - 77

Team	Games played	Wins	Losses	Points	Goal difference	Goal average
A	2	1	1	3	159 - 155	1.0258
B	2	1	1	3	163 - 159	1.0251
C	2	1	1	3	157 - 165	0.9515

Therefore

1 st	A
2 nd	B
3 rd	C

If the goal average is the same for the three (3) teams, the final placing will be determined from the results of all their games played in the group.

D.3.4 More than two (2) teams - equal points:

Team	Games played	Wins	Losses	Points
A	5	3	2	8
B	5	3	2	8
C	5	3	2	8
D	5	3	2	8
E	5	2	3	7
F	5	1	4	6

The second classification will be established, taking into account only the results of the games between the teams that are tied.

There are two (2) possibilities:

I.			II.	
Team	Wins	Losses	Wins	Losses
A	3	0	2	1
B	1	2	2	1
C	1	2	1	2
D	1	2	1	2

In case I:

1 st	A
-----------------	---

B, C, D will be determined as in example D.3.3 above.

In case II: The classification of A and B and C and D will be determined as in example D.3.2 above.

A team which, without valid reason, fails to show up for a scheduled game or withdraws from the playing court before the end of the game, shall lose the game by forfeit and receive zero (0) points in the classification.

If the team forfeits for the second time, the results of all games played by this team shall be nullified.

E - TELEVISION (TV) TIME-OUTS

E.1 Definition

The organising body of the competition may decide for itself whether TV time-outs shall be applied and, if so, of what duration (60, 75, 90 or 100 seconds).

E.2 Rule

E.2.1 One (1) TV time-out in each period is permitted, in addition to the regular time-outs. TV time-outs in extra periods are not permitted.

E.2.2 The first time-out of each period (team or TV) shall be 60, 75, 90 or 100 seconds in duration.

E.2.3 The duration of all other time-outs in a period shall be sixty (60) seconds.

E.2.4 Both teams shall be entitled to two (2) time-outs during the first half and three (3) time-outs during the second half.

These time-outs may be requested at any time during the game and their duration may be:

- 60, 75, 90 or 100 seconds, if considered to be a TV time-out, i.e. the first in a period, or
- Sixty (60) seconds, if not considered to be a TV time-out, i.e. requested by either team, after the TV time-out has been granted.

E.3 Procedure

E.3.1 Ideally, the TV time-out should be taken with five (5) minutes remaining in the period. However, there is **no** guarantee that this will be the case.

E.3.2 If neither team has requested a time-out before the last five (5) minutes remaining in the period then a TV time-out shall be granted at the first opportunity when the ball becomes dead and the game clock is stopped. This time-out will not be charged against either team.

E.3.3 If either team is granted a time-out before the last five (5) minutes remaining in the period, that time-out shall be used as a TV time-out.

This time-out shall count as both a TV time-out and a time-out for the team requesting it.

E.3.4 According to this procedure, there would be a minimum of one (1) time-out in each period and a maximum of six (6) time-outs in the first half and a maximum of eight (8) time-outs in the second half.
