7.3 Eligible jersey numbers: 0-99, including 00. All teams must be prepared to use "white" or "dark" uniforms, with the designated home team prepared to use an alternate uniform if, in the opinion of the referee, the colours may cause confusion.

- 7.4 Teams will surrender their team's performance bond if they are unable to meet the requirements of the competitive uniform.

## **8 DOPING CONTROL**

The Canadian Centre of Ethics in Sport (CCES) may perform random doping control test at these Championships. The CCES is authorized to administer the collection of urine samples in accordance with the Canadian Anti-Doping Program, as adopted by Wheelchair Basketball Canada.

More information about the Canadian Centre of Ethics in Sport can be found at <http://www.cces.ca/>

## APPENDIX A - OVERAGE EXEMPTION PROCESS

The following principles and process will outline how requests for overage athletes will be managed.

### Principles

1. Athlete development – The overall aim is to support stage appropriate training and competition opportunities for classifiable and age-eligible athletes through recruitment, retention and development. *Selection of classifiable, age-eligible athletes will have priority in all cases.*
2. Meaningful competition and inclusion – Where age exemptions are requested, they will be considered with the primary aim of maintaining development and competition opportunities for classifiable, age-eligible athletes. That is, only if classifiable, age-eligible athletes would lose development and competition opportunities, will the use of other athletes be permitted.
3. Development planning – Smaller provinces and territories are encouraged to recruit and develop classifiable, age-eligible athletes and evidence of this will be considered in support of requests to name other athletes to their teams.
4. Accountability – Wheelchair Basketball Canada (WBC) is responsible for assessing the merits of requests from member Provincial/Territorial (P/T) associations following an agreed-upon adjudication processes (outlined below), and making final recommendations on age exemptions, athletes joining a different P/T team (if their P/T is not sending a team) and team composition to the Canada Games Council (CGC) Sport & Games Committee according to all Canada Games processes and timelines. The CGC Sport & Games Committee has final authority on athlete eligibility.
5. Federal-Provincial/Territorial Sport Committee (FPTSC) Small Jurisdiction Strategy (SJS) – If PEI enters a team in the 2023 Canada Games they will be able to access up to four (4) overage athletes through the FPTSC SJS. Overage athletes from a jurisdiction not entering a team may be deemed eligible for Team PEI based on the process below.

### Process/Timelines

1. P/TSO Teams declare **Intent to Participate** in WBC's Junior National Championships and the 2023 Canada Games.
  - a. Intent to Participate must be declared to WBC by October 18, 2021 (16 months out from 2023 Canada Games). Teams must have a minimum of 7 age-eligible athletes to declare intent, or reasonable expectations of reaching 7 athletes with age exemptions.
  - b. WBC will communicate with the CGC to ensure alignment between Intent to Participate and CGC Entry by Numbers process.
2. Eligible P/T teams (MB, NB, NL, NS) submit **Request for Roster Addition (Appendix D)** to add athletes through overage exemptions or non-competing P/Ts.
  - a. Overage and athletes from P/Ts not sending teams declare their intent to participate through P/TSOs.
  - b. Request for Roster Addition must be submitted to WBC along with Intent to Participate (by October 18, 2021).

- c. In exceptional circumstances and where a team has not already applied for two overage exemptions, an overage exemption will be considered up to 21 days prior to the 2023 Canada Games (January 28, 2023).
- 3. WBC evaluates overage exemptions for eligible P/Ts (MB, NB, NL, NS).
  - a. WBC will allocate up to a maximum of two overage athletes for a P/T team listed above.
    - i. Two total per P/T team, regardless of if a team has athletes join from a non-competing P/T.
  - b. Classifiable athletes take priority over able bodied athletes in this process.
- 4. WBC provides a recommendation to the CGC Sport & Games Committee on allocating athletes from non-competing P/Ts based on the following process.
  - a. Seek to “merge” two P/Ts first (allocate all athletes from a non-competing P/T to the P/T with the smallest athlete pool, use inverse rankings from previous Canada Games if two P/Ts are tied for smallest athlete pool).
  - b. If a) is not feasible, or if there are athletes left over, the remaining athletes are allocated equitably (i.e. Team A has 7 athletes, Team B has 9 athletes, Team A is able to add the first two athletes available).
  - c. Once the process in b) has created teams with an equal number of athletes, the remaining non-competing athletes are allocated based on the inverse order of previous Canada Games rankings.
  - d. CGC will include P/T Chefs de Mission in process when appropriate.

### **Definitions**

**Classifiable** - To be eligible to play wheelchair basketball under IWBF jurisdiction a player must have a permanent health condition which in the opinion of the IWBF results in an impairment of the lower limbs to a degree where they cannot run, pivot or jump at the speed and with the control, safety, stability and endurance required to play running basketball as an able bodied player

**Overage Athlete** - An overage athlete can be up to one year older than the age limit for the CWG. In this case, an athlete born on or after January 1, 1998.
