WBC SMNT AAP 2025-26 Carding Criteria

1 PURPOSE

The purpose of this document is to describe the process and criteria that will be used by Wheelchair Basketball Canada (WBC) to nominate athletes for Sport Canada's Athlete Assistance Program (AAP).

2 GOAL

The goal of the Athlete Assistance Program (AAP) is to provide financial support to athletes to train and compete successfully for CANADA at Paralympic Games and World Championships.

3 PROGRAM DESCRIPTION

The Athlete Assistance Program (AAP), funded by Sport Canada, ensures identified high-performance athletes are afforded the necessary resources to achieve international success. The program contributes to improving Canadian performances at major international sporting events such as the Paralympic Games and World Championships.

Athletes who are nominated for funding, and who are approved by Sport Canada for AAP financial support are referred to as "Carded" athletes, and AAP funding is referred to as "Carding".

The Financial Assistance provided to identified Canadian athletes comes in the form of a monthly living and training allowance and, where applicable, post-secondary school tuition support. This assistance helps athletes with their training and competition needs, as well as assisting in preparing for a post-sport career. This assistance is provided directly to the athletes.

An athlete's carding status is subject to obligations and commitments as detailed in Wheelchair Basketball Canada's Athlete Agreement and Sport Canada policies and procedures which govern the AAP and the establishment and application of criteria.

4 QUOTA

In 2025-2026, the WBC men's program is eligible to receive 17 Senior Cards or \$443,700 (subject to periodic review by Sport Canada). This allocation is typically divided into 12 Senior cards with the remainder being assigned to Development cards. This is only a guideline, and the actual division of cards will vary.

The carding cycle is from May 1st through April 30th each year.

5 TYPES OF CARDING

Athletes approved by Sport Canada for the AAP may be eligible for a living and training allowance, tuition support (in a Sport Canada approved University, College program or other

post-secondary institution) and deferred tuition support. This allowance is usually paid in advance every two months. Athlete funded through the AAP receive a monthly financial stipend as follows.

Senior International Cards (SR1, SR2) - \$2175/Month

Senior National Cards (SR, SRI) - \$2175/Month

Development Cards (D, DI) - \$1305/Month

Notes:

Approved athletes must be nominated a minimum of 4 months, and up to a maximum of 12 months.

6 ELIGIBILITY STANDARDS

To be eligible to be considered for support through AAP assistance, an athlete must:

- Be an identified National Team program athlete (process outlined below).
- Be a Canadian citizen or permanent resident of Canada at the beginning of the carding cycle for which the athlete is being nominated. Permanent residents must live in Canada for the full year preceding the carding cycle for which the athlete is being considered for AAP support.

7 DECISION MAKING PROCESS

- The final recommendation for nominations for the Senior and Development cards is made by the WBC Nomination Committee which consists of the:
 - High-Performance Director,
 - Program Head Coach, and
 - Next Gen Player Development Coordinator
- Sport Canada reviews all nominations put forward by the WBC Nomination Committee and approves them in accordance with the AAP policies and the published WBC approved carding criteria.
- Athletes that do achieve the standards, are not guaranteed to be awarded a card.
- Final selections for the AAP will be based on the Gold Medal Profile (GMP) Rankings and the athlete must display behaviors that contribute to team cohesion and a positive team culture.

8 CARDING CATEGORIES AND DEFINITIONS OVERVIEW

Eligible athletes must have been on the roster of the team that achieved top 8 and top ½ (half) at the most recent World Championships or Paralympic Games and meet the Gold Medal Profile (GMP) Rankings criteria outlined in Appendix 1.

Athletes who meet the international criteria are eligible to be nominated by the WBC Nomination Committee for two consecutive years; the card for the first year is referred to as an SR1 card, while the second-year card is known as an SR2 card.

The second year of carding will be confirmed by meeting the following criteria and being re-nominated by the WBC Nomination Committee:

- The Athlete has demonstrated and continues to demonstrate their long-term commitment to high performance training and competition goals, as well as their intention to pursue full high-performance training and competition throughout the carding period for which they wish to be renewed despite not having met the carding criteria.
- NOTE: An athlete card labelled as pregnancy will not count toward the health related circumstances card maximum years.
